

C. T. 2019 Table Top Rally

Section 2

This section continues from the junction where you turned left at the end of Section 1 [PC2] and uses grid squares [GS]. [Refer to Rally Navigation notes, page 6 for help with grid squares].

Not all of the grid squares that you will need to traverse are listed here (you may need to use some squares not listed or some squares again), but the ones listed are shown in order.

2639 2640 2740 2840 2639 2937 3234 2937 3240 3142

Section ends [PC3] at spot height [SH] 26. [Refer to Rally Navigation notes, page 9 for help with spot heights].

- Q1 What is the grid reference of PC3?
- Q2 How many churches have you passed in this section?
- Q3 How many Post Offices have you passed in this section?
- Q4 Including SH 26 what is the sum of the last 4 spot heights that you travel over?
